

## DC 4.5-100V/50A Digital Voltmeter Ammeter

SKU:200075

Measuring voltage: DC 4.5V-100V;

Measuring current: 0-50A.

Accuracy:  $\pm 1\%$  ( $\pm 1$ digit)

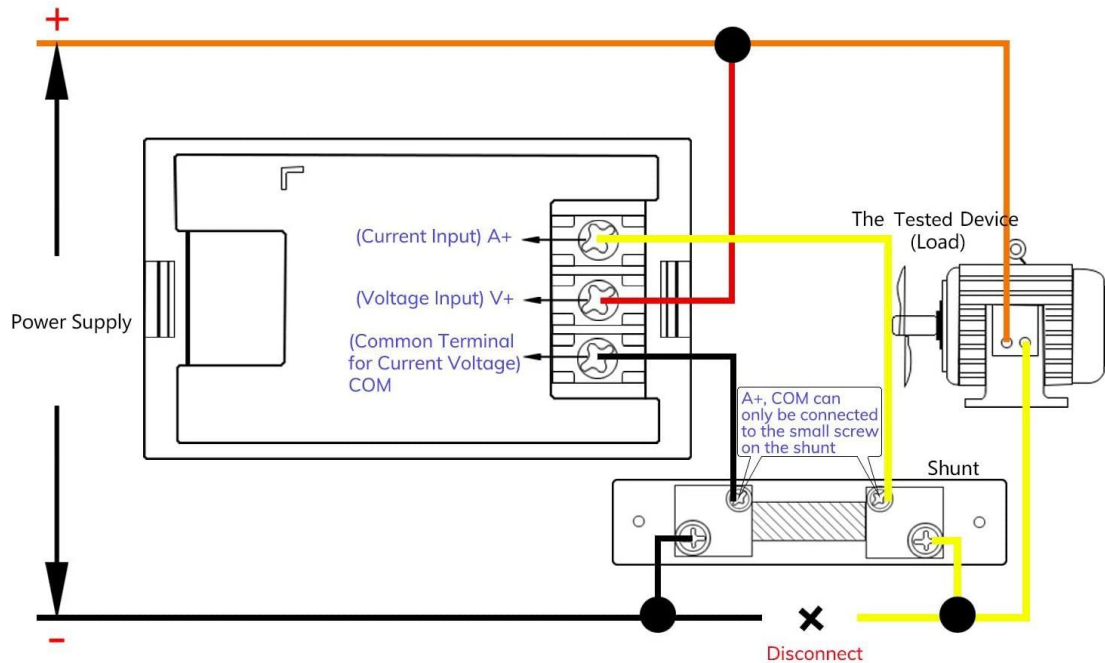

Calibration : There are trimmer potentiometers on the back of board

Notice: the shunt can be only connected to load negative.

Working temperature:  $-10 \sim +65^{\circ}\text{C}$

Overall dimension: 70cmx40cmx30cm
